

Certificate No : 11/4

AMA APPROVED MARK AUTHORISATION

This is to certify that

DRV PLASTICS

are an accredited member of the Aerosol Manufacturers' Association NPC ("AMA") and has undertaken to comply with the rules governing the use of the AMA Approved Certification mark ("the rules") and as further set out in the Supply Chain and Criteria Documentation of the AMA, subject to the following undertakings:

- Absolute compliance with specified national, provincial and local government regulatory requirements.
- Compliance with and striving to improve on the Association's specified minimum requirements in terms of good manufacturing practice.
- Willingness to strive to improve on the Association's specified minimum requirements in its efforts to produce a safe product in a safe environment.
- Compliance with and striving to improve on the Association's specified best practice in terms of environmentally safe production including the correct disposal or recycling of waste products and packaging.

This certificate entitles the said company to display the wording "AMA Approved" and the associated logo on its own branded aerosol products and/or to use this mark in connection with the marketing of their aerosol products or services.

This certificate is valid from 1st March, 2021 to 31st March, 2023
